

## Announcement of Euro Immunology 2020

### Dr. Hermann Haller

Professor and Director, Hannover Medical School, Germany, E-mail: [president@mdibl.org](mailto:president@mdibl.org)

#### 35th World Congress on Immunology

We delightfully invite all the participants across the world to attend [35th World Congress on Immunology](#) which aims for “**Navigating the Future towards Better Quality Living**”, to be held during **July 15-16, 2020 in London, UK**. Our main motto is to unify individuals in the scholarly community and society keen on immunology to deliver their talks on the current trends and significant issues related to research and clinical trials important for the public to be shared. [Euro Immunology 2020](#) acquires a wide platform for Immunologists, Doctors, Researchers, Young Researchers, Business Delegates to exchange ideas and knowledge.

The current world of immunological research has expanded considerably, and even in the current environment of highly interdisciplinary and collaborative science, future immunologists will probably need to be at least familiar with computational, structural and system biology, nanotechnology, and tissue engineering, for example. At the same time, from primarily a host defence mechanism to a fundamental homeostatic system with organism-wide physiological and clinical significance and potentially transformative biotechnological and therapeutic applications, our perspective of the immune system has gradually developed.

Our targeted audience will be Immunology Students, Scientists, Immunology Researchers, Immunology Faculty, Medical Colleges, Immunology Associations and Societies, Business Entrepreneurs, Training and Research Institutes, Manufacturing Medical Devices Companies and Pharmaceuticals.

With members from around the world focused on learning about Immunology and its advances: this is your best opportunity to reach the largest assemblage of participants from immunology community, conduct presentations, distribute information's, meet with current and potential scientists, make a splash with new drug developments, and receive name recognition at this 2-day event, world-renowned speakers, the most recent techniques, developments, and the newest updates in Stem Cells & Cancer immunology are hallmarks of this conference.

[Conference Series](#) LLC organizes 3000+ Global Events inclusive of 100+ Conferences, 100+ Upcoming and Previous Symposiums and Workshops in the USA, Europe

& Asia with support from 1000 more scientific societies and publish 700+ Open access journals which contain over 50000 eminent personalities, reputed scientists as editorial board members.

The attendees can find exclusive sessions and panel discussions on the latest innovations in Immunology by:

- Lectures from renowned speakers
- Keynote forums by Prominent Professors, Engineers
- Open Innovation Challenges
- Poster presentations by Young Researchers
- Global Networking sessions with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Meet the editors of refereed journals, Society and Association members across the Globe
- Excellent platform to showcase the latest innovation and concept in the technical field

Conference Name- 35th World Congress on Immunology

Date- July 15-16, 2020

Venue- London, UK
